The Campmaster corps is a group of selected, trained, and registered Scouters who serve at council weekend camp whenever Scout Units are using any part of the camp property. Campmasters select their own time and frequency of service, but they usually serve two to four times a year. The group is organized under the leadership of the Council Campmaster. The entire project and its personnel are responsible to the Scout Executive or someone appointed by the Scout Executive. The corps generally meets Quarterly to evaluate its program, schedule ahead, and arrange for the training of any new members.

Campmasters are selected on the basis of their ability in several areas: outdoor skills, specialized knowledge of nature and conservation, and leadership skills. All Campmasters must have a record of demonstrated ability to get along with people, to lead, and to act in an emergency. All Campmasters must have a working knowledge of Scouting operations, advancement, and Cub Scout camping.

Experienced and registered Scouters are eligible for consideration as Campmasters.

The training prerequisite is determined by the council. It is important that the person have outdoor experience and people skills.
